

# Lost & Found – Season 1, Episode 1

Good morning everyone! You are listening to the first episode of Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania. My name is Jadyn Courtney and I will be your host for this show. I am so excited to start this radio show and play songs that do not get as much attention anymore. Lost and Found will be mostly classic rock and oldies-type music and my general rule is to keep all the songs from the 90s and earlier. Today, I'll be talking about myself between the songs so you can get to know me and why I wanted to start this show. In the future, I would like to share some fun facts and stories about the songs I play for you all. I love the set list of songs I have for today and it includes artists such as Journey, Fleetwood Mac, and Foreigner. For right now, I think that is enough of an introduction so let's get the show started!

(Don't Fear) The Reaper – Blue Oyster Cult

Baby Blue – Badfinger

Every Breath You Take – The Police

----- [Play Radio Liner] -----

Welcome back to Lost and Found with me, Jadyn Courtney, on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just listened to

(Don't Fear) The Reaper by Blue Oyster Cult

Baby Blue by Badfinger

Every Breath You Take by The Police.

I wanted to play Don't Fear The Reaper by Blue Oyster Cult first because it is my favorite, classic rock song. I grew up listening to a lot of older, rock songs with my Dad and he has influenced my music taste more than anyone else. My Dad was a radio DJ when he was younger, and I wanted to see what being a DJ was like because of him. I remember going on long drives with my Dad and listening to the '70s or '80s radio stations. My Dad is also the reason why I chose to have Baby Blue by Badfinger as my second song because it plays during the last scene of the show, Breaking Bad. Breaking Bad is one of my Dad's favorite shows and I remember Shazaming that song while watching the final episode of the show.

Now, we should get back to the music! Don't change the station because we've got three amazing songs starting right now.

Misunderstanding - Genesis

Blue Letter – Fleetwood Mac

Down On My Knees – Bread

----- [Play PSA] -----

Hello again everyone, you are listening to Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania.

The songs you just listened to were  
Misunderstanding by Genesis  
Blue Letter by Fleetwood Mac  
Down On My Knees by Bread

I love all those songs. I grew up listening to a lot of Genesis and Fleetwood Mac songs, and Bread is a band I started listening to recently. My boyfriend got me a record player for Christmas and I have been having so much fun trying to find older records to play. When I first got it I went to Walmart with my Mom and I was so tempted to by a new Bread vinyl. I refrained because I really want to only play old records that I find at record stores or thrift shops. I think it is more fun spending time trying to find exactly what I want, in my opinion. Speaking of vinyls, the next song I will play, I found on vinyl but it was so scratched up you could barely understand anything being said. I was heartbroken but, oh well, we can all enjoy that song now and a couple more songs after that too.

Stone In Love – Journey

Jungle Love – Steve Miller Band

Rock & Roll Band – Boston

----- [Play Radio Liner] -----

We are back! You are listening to Lost and Found with Jadyn Courtney on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just listened to

Stone In Love by Journey

Heart of Stone by Europe

Rock & Roll Band by Boston

Three very incredible bands. One of my favorite fun facts is about the band Boston, whose song we just played. I think it is such a cool detail that the spaceships on Boston's album covers are guitars flipped upside-down. If you hadn't noticed it before, the next time you look at a couple of the albums, it is so obvious! A lot of artists seem to be leaving Easter eggs like that in their music nowadays too. In my opinion, Taylor Swift has really made Easter eggs popular with her music in the past few years but there are a lot of details older artists used to connect their albums and songs and I would love to talk about them in the future on the show! Now let's get back to the music on WSYC 88.7.

Broken Promise – Survivor

Locked Out – Crowded House

Too Late – Foreigner

---

Hello again, you are listening to Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just heard

Broken Promises by Survivor

Locked Out by Crowded House

Too Late by Foreigner

I have been having so much fun hosting Lost and Found this morning. Again, I wanted to play older music that I feel current radio stations do not pay enough attention to. A lot of classic rock songs are the same ones played over and over again, in my opinion, so I hope you have found some new songs to enjoy and add to your playlists. Even if you know a lot of the songs I played, I hope you still are enjoying the show! I am unfortunately almost at the end of my hour, so I have to say goodbye.

Thank you all for tuning into the first episode of Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania and I will see you back here at 8 am next week! Have a great day and keep listening to music the radio lost!

## Lost & Found – Season 2, Episode 1

Good afternoon everyone! You are listening to Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania. My name is Jadyn Courtney and I am your host for this show. I am so excited to be back in the studio and talking with you all today! I am also very happy to be airing later this year. 8 am was fun for a while but I couldn't do it for another semester. I hope you all had a fabulous summer and are ready to get into the fall spirit!

For any new listeners, Lost and Found is usually classic rock and oldies-type music. My general rule is to keep all the songs I play from the 90s and earlier. The set list today includes some classic songs many of you may recognize. I will be playing songs by Survivor, The Cars and The Cranberries. I am really excited for the first song and I think it fits very well with our fall theme. Now, we can get the show rolling with September by Earth, Wind and Fire

September by Earth, Wind and Fire

Get It Moving by Raspberries

Jackie Don't Go by Survivor

Welcome back to Lost and Found with me, Jadyn Courtney, on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just listened to

September by Earth, Wind, and Fire

Get It Moving by Raspberries

Jackie Don't Go by Survivor

Every September, the song September, is a staple in my Fall playlist. It never gets old to me and always puts me in a good mood. Jackie Don't Go is another song I always associate with fall. Especially, because the song is about a fall break up while in school. It has been muggy and rainy the past few days and I knew I had to add Jackie Don't Go into my set for this week!

Now, if you are a new listener, hello! On Lost & Found, I try to give some quick facts about the artists and songs I play. I've always loved learning little details about my favorite artists and songs, I hope you do too! Jackie Don't Go is on Survivor's fourth album Caught in the Game that was released in 1983. It was the last album by the band to feature Dave Bickler as the lead vocalist. Bickler ended up leaving Survivor due to a vocal surgery and later rejoined the group from 1993 to 2000. Now, I think it is time to get back to the music. Don't change the station because we have got three amazing songs starting right now.

You Might Think by The Cars

Out of Touch by Daryl Hall & John Oates

Back Where You Belong by 38 Special

---

Hello again everyone, you are listening to Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania.

The songs you just listened to were

You Might Think by The Cars

Out of Touch by Daryl Hall & John Oates

Back Where You Belong by 38 Special

If you are like me, You Might Think by The Cars will immediately remind you of the Cars 2 movie. I remember when the movie came out and I was so excited to see it. You Might Think plays when Lightning McQueen takes Mater around the world with him. It is a touching scene in the movie and I have loved this song ever since I first saw Cars 2. I grew up watching the original Cars movie with my Dad and the soundtrack from that movie and the sequel are both incredible. That is enough about me. Let's listen to a quick message and get back to the music!

Reelin In The Years by Steely Dan

Love the One You're With by Stephen Stills

Linger by The Cranberries

---

We are back! You are listening to Lost and Found with Jadyn Courtney on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just listened to

Reelin In The Years by Steely Dan

Love the One You're With by Stephen Stills

Linger by The Cranberries

Linger by The Cranberries was my favorite song last fall and it is still one that I leave on repeat all the time. The song originally came out in 1993 and has had a resurgence of popularity on TikTok. I have probably seen hundreds of people on TikTok making covers of the song and I've enjoyed watching all of them! Now, it is time for the next song and we are starting with There She Goes by The La's.

There She Goes by The La's

Lovesong by The Cure

MAYBE: Peace of Mind by Boston

----- [Play Radio Liner] -----

Welcome back, thank you for continuing to listen to Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just heard

There She Goes by The La's  
Lovesong by The Cure  
Peace of Mind by Boston

There She Goes is an iconic song for Fall. It was listed at number 13 on Rolling Stone's list of greatest one-hit wonders. Noel Gallagher from Oasis said it was his favorite song from the 90s, although it was released in 1988. Additionally, There She Goes plays in the pilot episode of Gilmore Girls and is why many of us associate the song with fall.

Well, the time is now \_\_\_\_\_ which means my hour is at an end. I have had so much fun this week making the setlist and hosting Lost and Found for you all. I hope you have found some new songs to enjoy and add to your playlists. Whether you are tuning in now or have listened since 4pm, I am

grateful you're here. I will be back next Thursday at 4pm to continue playing songs the radio lost. I'll see you then!

## Lost & Found – Up All Night

Good morning everyone! You are listening to Lost and Found on WSYC 88.7 FM out of Shippensburg, Pennsylvania. Thank you so much for listening to WSYC's Up All Night event and tuning in for my hour! The executive board for WSYC have been working so hard to plan this event and I am so grateful for all their hard work! In case you're just tuning in and haven't heard of Up All Night, it is an annual event hosted by WSYC 88.7 FM. The event lasts 24 hours with DJs hosting shows and giving away prizes every single hour! Some prizes that will be given away include 2 Hozier Tickets, a Roku TV, and a Vintage Record Player! For Lost and Found's hour of the show, I will be giving away a Mitski Poster! To learn more about how to win the poster, you'll have to keep listening because the show is beginning right now.

Harden My Heart – Quarterflash

Total Eclipse Of The Heart – Bonnie Tyler

My Love Mine All Mine – Mitski

----- [Play Radio Liner] -----

Welcome back to Lost and Found with me, Jadyn Courtney, on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just listened to

Harden My Heart by Quarterflash  
Total Eclipse Of The Heart by Bonnie Tyler  
My Love Mine All Mine by Mitski

Mitski is an artist that has grown in popularity recently. In my opinion, the song My Love Mine All Mine, which you just heard, going viral on TikTok really seemed to jumpstart her career! It was Mitski's first song to chart on the Billboard Hot 100 and, as of 9am this morning, that audio has been used 2.2 million times on TikTok. Now I'm sure you're all wondering how to win the Mitski poster. I'm going to ask a trivia question and the first person, who is a Shippensburg University student, to call into the station with the correct answer will win the poster! The number to call with your answers is (717) 477-1489. So... the question to win the poster is, what year was Mitski born? Again, the question is what year was Mitski born? And the number to call with your answers is (717) 477-1489. While we have callers coming in, I'll get the music going again!

The Warrior by Patty Smyth (feat. Scandal)

Here I go Again '87 by Whitesnake

Don't Look Back by Boston

----- [Play PSA] -----

Hello again everyone, you are listening to Lost and Found on WSYC 88.7 FM in Shippensburg Pennsylvania.

The songs you just listened to were

The Warrior by Patty Smyth (feat. Scandal)

Here I go Again '87 by Whitesnake

Don't Look Back by Boston

Three very fun songs to listen to. Patty Smyth is an artist I have always found interesting. She has had a successful career and a lot of incredible experiences. One story that I am always amazed by, is that she was invited by Eddie Van Halen to join Van Halen and be the replace David Lee Roth. Although, she was pregnant at the time and chose to decline the offer. I believe she also stated that the band's lifestyle and location were other factors that caused her to decline, but that is just my own opinion from stories I have heard. I did want to reiterate that I am giving away a Mitski poster for Up All Night and there has not been a winner yet! If you are a Shippensburg University student, make sure to call in! The trivia question I am asking you to answer is, what year was Mitski born? Call (717) 477-1489 with your answers! Alright, I think it is time to get back to the music! The next song will be Jump by Van Halen! Don't change the station because we many more great songs coming up!

Jump – Van Halen

Popular Girl – Survivor

Invisible Touch – Genesis

We are back! You are listening to Lost and Found with Jadyn Courtney on WSYC 88.7 FM in Shippensburg Pennsylvania.

You just listened to

Jump – Van Halen

Popular Girl – Survivor

Invisible Touch – Genesis

Survivor is a band that I have always loved. In my opinion, everyone who grows up in Pennsylvania should see at least one Rocky movie. I remember watching the movies with my Dad and I always loved the soundtracks. Eye of The Tiger by Survivor was written for the third Rocky movie and became a huge success. I think this song is a great example of how music is important and can boost the performance of a movie. When you think of Rocky, that is often the song associated with all the films. Speaking of songs, let's get back to the music. You are listening to Lost and Found on WSYC 88.7 and the next song is playing now.

Oh Sherrie – Steve Perry

Talking In Your Sleep – The Romantics

Take On Me – a-ha
